ROBERT W. COLEMAN

The Wisdom Wall

The Wisdom Wall was a partnership project with Episcopal Housing, funding from BOPA and the professionalism of Landry Randriamandroso, artist and students of Connexions Academy. We want to thank members of the Robert W. Coleman family, RWC Org. members, Matthew Henson Assoc., CSU, Arco Association, Saint Elizabeth Seton representatives, and Baer school for their support. This project was derived as a result of RWC's inquiry of the blank wall to Mr. Dan McCarthy, current owner of St. Stephens Court apartments. We worked in conjunction with others for ideas to illustrate the value that this community holds and how it could be illustrated in art. Which leads to dispersing the negativity within the area that has recently been noted. The individuals depicted helped create the history of the North Avenue corridor which, creates a reminder and build on the long history of the surrounding community. The wall serves as a tribute to Matthew Henson, William S. Baer, Fannie Jackson Coppin, Saint Elizabeth Seton and Robert W. Coleman.

This beautification project serves to support upcoming improvements in the area.
